Have you ever wanted to know the stories of the people who have lived in your home before you...people who have long since passed?

Tuesday 12th April 2016: San Bernardino, California

Title: *The History of the Barclay Hotel: A collection of true short stories both epic and tragic*

J.M. Moore

Journey through the halls of this 120-year-old hotel in the heart of downtown Los Angeles. Over the decades' misinformation and urban legends have arisen regarding many events such as suicides, murders, and mysterious accidental deaths that have occurred in this building.

Police reports, newspaper articles, coroner's reports, and death notices were uncovered and the facts about what really happened have been brought to the surface in one complete collection. Although this hotel has a troubled past, it also has historical significance. It was designated Los Angeles Historic-Cultural Monument #288 by The Cultural Heritage Commission.

"The History of the Barclay Hotel offers readers a rare glimpse into the dark and deliciously sordid past that shapes this historic landmark. In many ways, these tortured snapshots of history tell the story of Los Angeles itself." Leah Myette, Writer/Director, *The Hotel Barclay*
